

## Why Green Series™ Fitness Equipment?

- **Durable—Full commercial components on smaller frames**
  - Mature product line has been sold in the U.S. with extremely low service issues
    - Field tested in heavy-use environments (middle schools, YMCAs, colleges, health clubs)
    - Repeat customers after years of usage on first equipment installations
    - Customer testimonials on website
  - 6000 – Light commercial equipment manufactured with full-commercial components
    - Large sealed bearings and bolts – minimizes pressure and lengthens life of product
    - Maintenance-free AC drive systems
    - Maintenance-free lubricant infused running belts
    - Urethane running deck suspension – much longer life than rubber decks and won't become spongy over time
  - 7000 – Full commercial equipment manufactured on smaller frames
    - Embedded touch screens with built-in TV and iPod connectivity
    - Simple functionality – less electronics to break down
    - Non-intimidating – not over-sized
  
- **Efficient—The most efficient drive systems in the industry**
  - Uses up to 50% less energy than our competitors – Green Series costs less to operate
  - Maintenance-free lubricant infused running belts reduces friction
  - Oversized sealed bearings – lower RPM and bigger bearings creates less friction
  - Less friction = less energy
  
- **Easy-to-Use—Uncomplicated displays and simple to operate**
  - Will not confuse the user – do not need an instructional manual to operate
  - Both younger and older adults can operate without being intimidated
  - Easy to enter & exit – Low step-up heights on treadmills and walk-thru on recumbent bikes
  
- **Value—Unbeatable price for comparable equipment**
  - Green Series components made by same sub-manufacturers as Precor, Life Fitness, Matrix – comparable equipment from our competitors cost 20-50% more
  - 6000 – Full commercial components on light commercial equipment
  - 7000 – Full commercial equipment, with embedded touch screens and TVs, at an unbeatable price
  
- **Support—We stand behind the equipment with a great warranty and responsive service**
  - Large U.S. based inventory of equipment and parts
  - Responsive U.S. based customer service call center and sales support team
  - Same day shipping available on orders received by 1:00 PM EST and credit approved
  - Warranty: 10 years frame, 5 years motor, 3 years parts, 2 years wearable, 1 year labor

***“Durable, efficient, affordable with a great warranty and responsive service team”***
